Committee: Senate Committee On Finance and Revenue

Measure: SB774

During these times of inflation where Oregonians are having a hard time paying for housing, food, transportation and utilities it is difficult to understand why you would want to take more money out of their pockets. Money that we all voted belongs to the citizens of Oregon. It is disgusting that this is being considered at all, let alone a time when so many families are struggling. Salem has made Oregon a punchline to a terribly sad joke, you have driven this amazing state into the ground and appear to be willing to sacrifice your population to try and spend your way out of it. I will be happy when I can say that Oregon is the state I used to live in. Do not take the kicker!
