

Submitter: Candice Fuller

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

The people of Oregon voted to have a kicker check that has not changed . Oregonians pay enough taxes and fees even though this state says no to sales tax , we still get hit with fees and other taxes every time we turn around . This kicker check was placed to keep government accountable and to not live beyond there means. This belongs to the people not the government if there is money needed tighten the budgets and lose some programs that are really not needed . Do not take this money that belongs to Oregonians .
