

Submitter: Nicole Starr
On Behalf Of: Oregon constituents
Committee: Senate Committee On Finance and Revenue
Measure: SJR26

We oppose keeping the kicker and changing the law to do so. Unacceptable, first you all applied it as a credit...now you want to KEEP it all together? We have suffered enough, enough taxing and stealing from hard working people who have chosen to hold out hope it would get back to the good old days here. Please do what's right and just. Please send the funds back to the Oregonians who they were taken from. Listen to your Community.
