

Submitter: Doug Klotz
On Behalf Of:
Committee: House Committee On Rules
Measure: HB3414

I support HB3414, as it will increase the ability to build much-needed housing in our state, and especially in larger cities, which sometimes have excessive restrictions that limit housing production. The exceptions provided in the bill address some of the oft-cited code and regulation limitations that increase the costs of housing, and/or discourage it being built. Please pass this much-needed bill.
