Committee: Senate Committee On Finance and Revenue
Measure: SJR26

I am an Oregon native, small business owner, and upstanding member of our community. On a personal and business level, due to inflation and rising taxes my family has been drained of resources trying to stay afloat and in business. We are not alone in that sentiment, I represent many other Oregonians. We're losing hope, and many have moved to other states in search of a better life. I compel you to return the tax surplus to the tax payers, equally, and without bias. It's your job to instill confidence and hope for our futures here in Oregon. If you continue to take from us and bleed us dry, we will leave, that's been proven. Please consider not your wants and needs, but the wants and needs of the citizens of Oregon, and what is in our best interest. We want and need our money back.
