

Submitter: Jeffrey Silberman

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

You are already wasting enough of our money as it is. We pay all this tax money and the homeless still run the state, our kids go to dilapidated schools and I drive on roads full of potholes, yet all you government workers get to drag your feet around all day and not accomplish anything. Learn to spend our current tax money responsibly before you ask for any more.
