

Submitter: Christina Milcarek

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

As a taxpayer, I find it unacceptable that legislators would have the audacity to suggest discontinuing the practice of returning surplus revenue refunds to the people. Any suggestion of keeping OUR money is completely unreasonable and those that sponsor or support such bills will feel the people's wrath when it's time to vote.

We are in charge and we do NOT CONSENT!

Govern yourself accordingly.....
