On Behalf Of:
Committee: House Committee On Rules
Measure: HB3414

HB 3414 will undo the careful and expensive work that was done by cities across Oregon for HB 2001. Untold hours by consultants, city staff and Oregon residents went in to achieving a workable, well considered approach to reworking our land use and zoning. Cities are in the midst of implementing HB 2003. This impatient overreach creates poorly thought through code. It will undo the limited trust that was established during the HB 2001 process. It will do more harm than good to the cause of achieving affordable housing.
