This letter is to notify you of my opposition to the move by the Oregon legislature to keep the kicker due to Oregon taxpayers. This would be one more broken promise to Oregonians. It is our money. You have had use of it when it was not due to you. If there is a cause I support, I will use the money I earned to support it. Most things our legislature supports today conflicts with my values. Even if it didn't it is my decision how my money is used. As we face times when businesses are still trying to recover from Covid, and face inflation challenges, the business owners and their employees should have their money returned.
