

Submitter: Robert Tesulov

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SJR26

As an Oregonian, I am 100% against this bill. The Oregon constitution says the kicker goes back to us as taxpayers. I am formally requesting you return our kicker money. We have families to feed. It is not your money to do without you, please, as The Oregon constitution states. We are completely opposed because we would like the right to have our money back that was over. Paid in taxes. I oppose this bill.
