

Submitter: Shauna Holman Harries

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure: SB774

The State of Oregon needs to stand by its commitment to return unused money to the taxpayers in accordance with Oregon law and regulations. Oregon is one of the heaviest taxed states and will continue to lose residents if it fails to honor its own laws. Failure to honor State regulations must be brought to the voters to decide. Any legislator that votes in support of this measure must have their name made public so Oregon voters can decide if they should retain their current position.
