

Submitter: Chester Liebs

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

Voicing my strongest opposition to the current wording of amendments (-13 and -14) to HB 3414.

In addition historic resources covered in Goal 5 should also be exempt from the scope of these amendments.

Cultural and historic resources are as important as natural ones for the future of the state. They are also non-renewal.

Thank you for your time.
