Stop the Continuing Sprawl!! I am a 33 yr resident of Hillsboro--so have seen this firsthand already. Please Respect and uphold our Wise UGB.

I have studied Hillsboro's agenda of continued growth extensively--a goal I believe our citizens do not value. I myself was ignorant until recently and now see the ongoing frantic agenda of Industrial Growth (especially Large Industry) and all of the many burdens it puts on our citizens. Our city is too large already -- my job involves driving to homes and I see the increasing congestion--despite constant attempts to expand roadways.

I could say much more on the detrimental effects on it's residents--but to keep this short I will just repeat:

Long time Oregon Residents do NOT value this!!
