Measure: HB3414

We were actively involved in the UB planning a few years ago, we attended hearings, testified and had to do it all over again when it was determined that Washington County failed to some of their required work. To allow any city to override or circumvent the public due process is UNACCEPTABLE. The UGB has worked well and other states have looked into how we have managed growth. To dismiss the massive amount of both public and citizen time, effort and work seems unconscionable, a breach of public trust and an extreme waste of the planning process. Please stop HB3414 -17 amendment
