

Submitter: Andy Munson

On Behalf Of:

Committee: House Committee On Rules

Measure: HB3414

As a board member of the Stafford Hamlet and having grown up in this rural area my whole life, I oppose this bill and it's propensity to unravel the land use regulations that make Oregon so great. Let's build up, not out. Keep the rural areas rural, and improve upon the cities.

Thank you,

Andy Munson
