Measure: HB3414

Please support HB3414-17! By allowing for modest and reasonable expansions of urban growth boundaries into already designated urban reserves, HB3414-17 would provide our cities with a new tool to help address our state's severe underproduction. Both small and large cities need every tool available to them to develop more housing, create jobs, and bring down costs for Oregon families. SUPPORT on HB3414-17.

Expansion of the UGB in Washington County is essential to our business. With more land available, local and regional builders like Riverside will have more opportunity to build and sell homes amongst the public home building companies that have come to our area.
