Committee: House Committee On Rules
Measure: HB3414

Oregon has created it's own houseless problem with land prices being out of range for the average citizen. Please support HB3414-17! By allowing for modest and reasonable expansions of urban growth boundaries into already designated urban reserves, HB3414-17 would provide our cities with a new tool to help address our state's severe underproduction. Both small and large cities need every tool available to them to develop more housing, create jobs, and bring down costs for Oregon families. SUPPORT on HB3414-17!

Other states do not have these issues, our UGB's have become untenable.

Respectfully,
Diana Helm
