On behalf of IBEW Local 48 in Portland, Oregon, we are writing to show support for SB 678 and the -3 amendment. Offshore wind is necessary if Oregon is to meet its climate goals set forth in HB-2021. Legislative leaders need to show their support in good legislation that actively fights climate change with renewable energy like offshore wind, especially when that legislation provides for labor standards that support Oregon's construction industry. Please vote Yes on SB 678 and the -3 amendment.

Sincerely,

Marshall McGrady

Political Director-IBEW Local 48
