Chair Lieber, Vice Chair Knopp, Members of the Rules Committee,

For the record my name is Scott Oldham with BlueGreen Alliance, this is an alliance between labor and environmental organizations to address our environmental challenges. BlueGreen Alliance is guided by the principle that we can no longer choose between good jobs and a clean and safe environment—that the actions we take to create quality jobs and to protect working people and the environment must go hand-in-hand, and that together, we will build a clean, thriving, and fair economy.

BlueGreen Alliance supports SB 678 and the subsequent -3 amendment that provides funding for Department of Land Conservation Development for \$250,000 to **conduct outreach and engage and coordinate with state agencies, local governments and affected communities** while making the policy of the state to ensure high quality job creation and promote “economic diversification and resilience” through standards such as apprenticeship, prevailing wage, labor peace, and project labor agreements.

We hope the committee joins us in our support for SB 678.

Respectfully,

Scott Oldham
