

Submitter: Kira Nguyen-Manahan

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I am in support HB2004. Ranked choice voting will allow for true democracy by making every vote matter, no one will feel forced into voting for a less appealing candidate in fear of their vote going to waste. I believe ranked choice voting will be the most fair voting system we've had and truly reflect what's people want.
