Committee: Senate Committee On Rules
Measure: HB2004

We support Ranked Choice Voting. In our current elections, fear of vote splitting is affecting both voters and candidates: Candidates are often deterred from entering a race for fear of splitting voter support and voters are often forced to choose a candidate with a better chance of winning, instead of the candidate they actually prefer. Ranked Choice gives all [prospective] candidates an equal chance at a fair election by giving voters an equal chance to voice their preferences. Please advance HB 2004 to the ballot for voter approval.
