

Submitter: Cheri Ceridwen

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I support rank choice voting, because it will give me the voting choices I need to break out of the binary Democrat/Republican limitations, and produce real change. In Portland's last mayoral contest, I wrote in Teresa Raiford because I thought she presented the best change platform for Portland. I want to feel like my vote rebuilds Portland and Oregon, and takes care of the people, other beings and the environment.
