

Submitter: Ava Olson

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

My name is Ava Olson and I'm in support of ranked choice voting in Oregon. I believe ranked choice voting is beneficial for this state, as it provides for more diverse opinions in elections. It helps support stances beyond the obvious, as well as allows for third party candidates to be considered for positions. Overall, this bill will greatly benefit the state and all those who live here. Please vote in support. Thank you for doing this!
