

Submitter: Deborah Clark
On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB2004

My name is Deborah Clark and I live in Shedd (Linn County). I strongly support HB 2004, which will establish ranked choice voting for statewide and federal offices, for both the primary and general elections. If passed, ranked choice voting will be referred to the ballot in 2024, giving voters the final say.

I support giving voters the option to rank candidates in order of preference, because it benefits both Oregon voters and candidates -- empowering voters to vote for their true favorites and helping winners truly have majority support of the voters.

Ranked choice voting is Oregon's next step in election reform. Thus, I urge you to support HB 2004, which will refer ranked choice voting to the 2024 ballot, so voters can have the ultimate say.

Thank you.
Deborah Clark
