Measure: HB2004

Dear Senators- Thank you for your service. Please vote NO on this bill for Rank Choice Voting. this is a terrible idea. Our voting laws in Oregon are bad enough as it is and this only makes it worse. We do not want to rank our choices. We want to be able to vote for the ONE person that we want to represent us and this bill will take that right away from us. It will also make our election process even longer requiring more manpower than we use now. I am a PCP in Washington County and I speak with a lot of people in my area. Nobody that I've talked to supports this bill.

Very Sincerely,  
Karen Schmidlin
