

Submitter: Carol Wagner

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2107

I support HB 2107A because registering to vote shouldn't be a chore – and if we want election results that truly reflect what the people want, it's on us to make sure that every single eligible Oregonian can register quickly, easily, and accessibly. HB 2107A would add another agency to our successful Automatic Voter Registration system so voters have more options.
