

Submitter: Claudine Harrington

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

As a citizen of this State of Oregon I adamantly oppose this measure for ranked choice voting. All citizens deserve to have their voice individually heard. Two thirds of this state already feels that they aren't represented and this will make it worse. I ask you to please vote no on this bill. This is against our constitution and is just another step towards communism.
