

Submitter: Brandeis Zaklan

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

You continually try to erode our freedoms and take away our rights to choose our elected officials. You do not honor the Constitution of these United States and your continued efforts to fix the system to ensure one party rule is egregious. You should step down and remove yourself as you are failing all of the people and our nation. This is an absurd proposal.
