

Submitter: Tom ODonnell

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

Rank selection just deepens the current non secure voting system. 1 ID = 1 vote.
Vote in person and only one time.

This is exactly why I'm taking my tax dollars to Idaho. Representatives in Salem won't address real problems and focus on these type of bills rather than fixing issues their other bills created. Waste of my tax dollars and time. Afte being a resident for over 50 years I will not support these bills that only solidify the current corruptible mail in voting system.

These bills ensure nothing in this state will change fir the better.
