

Submitter: Barbara Miller

On Behalf Of:

Committee: Senate Committee On Rules

Measure: HB2004

I do not agree with rank choice voting. I don't want a complex system where the voters choose 1,2,3 and some only choose 1 and others rank. Leave it the way it is and stop making things so complicated that folks lose trust in voting system. If there needs to be run-off then we should continue the way we have and voters go back to the polls.
