On Behalf Of:
Committee: Senate Committee On Rules
Measure: HB2004

Ranked Choice Voting passed in Portland and the city council has declared it CONFUSING! Why would this be a good idea to implement in the whole state?
FAIL The state has failed in the recent past with not getting people their unemployment.

FAIL State agencies have failed at appropriating Measure 110.

FAIL A recent audit of the OHA reveals that hundreds of thousands of federal health money has been mishandled. FAIL COVID money was mishandled.

FAIL The DMV allowed our personal information to be stolen.

FAIL 20,575 sex offenders are backlogged (2/3 on the registry) have not been classified

FAIL in the SiPPEL case in Washington Co. election officials admitted that the machines that are used to count ballots can be hacked

FAIL Allowing cannabis businesses like LaMota to continue to do business when owing millions in taxes to the state - there were laws in place to prevent it

This is just a few of the FAILURES that need to be addressed. So NO we do not need another monstrosity like this. Another thing for Oregon government to screw up. The only thing you should be doing is fixing your failures and apologizing to the people of Oregon.
