

Submitter:               laurie kimmell

On Behalf Of:

Committee:             Senate Committee On Finance and Revenue

Measure:                HB2073

The legislature should not be punishing corporations that want to do business in Oregon. The legislature made a tragic mistake when they created a CAT tax. They did not include pharmacies as an essential business consequently we lost Bi-Mart pharmacies which had pharmacies in rural areas of Oregon. LaPine, Sisters, Prineville, Madras lost essential medical care as well as other parts of rural Oregon. I am in favor of this bill.

LAURIE KIMMELL, MSgt, USAF (Ret.)
