

Ranked Choice Voting

Please support Ranked Choice Voting (RCV) to help political campaigns in Oregon to be focused on issues rather than slogans and soundbites meant to distract from important issues.

RCV will make it easier for candidates who want to focus issues that matter to voters rather than repetitive simplified pandering on “hot button” issues.

As a side benefit, RCV will also eliminate runoff elections in close races with multiple candidates while still giving the voters the best overall candidate to serve in the office in question.
