Thursday [01.19.23]

I SUPPORT [SB 571].

Good job constructing this piece of much needed legislation!

I am concerned the upper limit of \$17K per year is not adequate enough to make the lives of the Blind and or Disabled comfortable enough. This will require Oregon Legislators to do some political arm-twisting with the Congress to significantly raise the upper tax-free contribution limit.

I am also very concerned as the investment options but, primarily with the investment guidance available to the participants of the ABLE program. When I see the word 'Non-profits'...some of them are good and honorable but, most of them should be considered as 'snakes looking for prey in the tall grass'.

Again, Good Job!
