On Behalf Of: Mr Oregon Opposes HB 2689

Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure: HB2689

Friday [01.20.23]

I OPPOSE [HB 2689]. I really do not want to but....

An animal operation of [999] animals, be it poultry or rabbits, can cause a myriad of serious public health issues.

Also, [999] animals of any kind are bound to create "Nuisances" to rural neighbors. Have you ever heard a rabbit in distress? They sound like a 'human baby' crying. Imagine [999] of them in distress when a pack of coyotes pay a night time call and or during "butchering days." Poultry operations of [999] birds are notorious for foul odors and flies.

I understand and support the need for local meat processing and sales...I will be more than supportive if the aforementioned public health and nuisance issues can be resolved.

Mr. Oregon sadly Concurs...My wife liked the picture of the "butchered bunny" with the garlic bulb and the mint sprigs on a cutting board with the elegant 'chef's knife.'
