Dear Senator Sollam, I'm Khadija and I'm writing this letter Because i like cats and dogs and I think animals deserve a better home like other pets do. I don't really have experience to support my opinion but I request for animals to find a better home because some of them need it because some of them don't have a good home like the others do so i think they all should have a place where they can actually trust there owner and just be happy with their owners because some don't get what the others get.

Thank you for reading my letter i hope  
You understandd what I was trying to say.
