

Submitter: L Houlihan

On Behalf Of:

Committee: House Committee On Behavioral Health and Health Care

Measure: HB2279

This Policy of Death with Dignity Act is totally AGAINST natural Law and God's Law in the first place - it should not even exist.

The Framers of this country and state knew the importance of LIFE as stated in both Constitutions.

Has this state become so corrupt that we abort [ kill them without a choice, there LIFE matters ] babies and now assisted suicides' that can easily be abused by outside influences for anyone in the entire country. This would make Oregon the LAWFUL DEATH STATE with Oregonians bearing the full burden of these allowed wrongful deaths.

This is totally outrageous and immoral behavior that a huge amount of Oregonians are against and are not willing to take on that burden.

This is so BAD for Oregon in so many ways, we the people of Oregon Object and DO NOT CONCENT to this change.

VOTE NO !!! IF YOU WANT TO VOTE YES ON SOMETHING REPEAL this ACT and ABORTION.
