

To whom it may concern:

My name is Ana Rosa Vega, I am Frida's mother who attends the Adelante Mujeres preschool.

My daughter is a child with special needs. My daughter really enjoys being in the classroom with her teachers and classmates, she has a routine that we follow daily, my daughter has made so much progress in her development, and in her speech, I would love it if she could continue with her development as up to now. It would be great if Adelante Mujeres had a summer school program, since that would help her to continue with her routine and to continue learning as she has done up to now.

Thank you,

Ana
