HB 2280

Requires school districts and public charter schools to designate civil rights coordinator. Prescribes duties of civil rights coordinator.

Why are public or public charter schools not teaching American civil liberties afforded by the United States Constitution or the Bill of Right, and/or the numerous state laws that protect all citizens of the state of Oregon and USA? Why is it necessary to appoint or make a position in every school when civil rights could be as simple as adding to the curriculum of students. No one is allowed to touch you wherever your swimsuit covers and no one is allowed to talk to children/adults in a disrespectful or sexual manner. Another Bill to waste taxpayers dollars, why hire and pay executive salary for every public school district and public charter school, teach children confidence of their own civil rights.
