To whom it may concern,

I am writing this letter in support of the Oregon Coast Visitors Association receiving money allocated through HB 2909.

The Oregon Coast Visitors Association supports not only local initiatives, but global ones as well. They work hard to make the Oregon Coast a better place for us all.

As the Director of the Lincoln City Chamber, I receive a great deal of support, guidance and education from OCVA. They work as a catalyst to bring groups together who work collectively toward a common goal. The Oregon Coast is stronger due to the important work that OCVA is doing.

I urge you to consider funding HB 2909 to ensure that OCVA has the capability to continue the great work that they are already doing.

Respectfully submitted,

Lori Arce-Torres

Lincoln City Chamber Executive Director
