

Submitter: JOHN BURT

On Behalf Of: Farmers Ending Hunger

Committee: House Committee On Agriculture, Land Use, Natural Resources, and Water

Measure: HB2907

Farmers Ending Hunger supports efforts to provide funds for expanding meat processing in Oregon. There is an extreme shortage of available USDA and other meat processing facilities. We are in the business of delivering donated food products to the Oregon Food Bank Network. There is an abundance of meat animals available for donation, but often we cannot find a nearby meat processor and the donation must be passed up. Any effort to increase meat processing capacity in Oregon is greatly appreciated. We support HB 2907.

Thank you.
