Committee: Senate Committee On Judiciary

Measure: SB579

Felons are persons who have made decisions that were harmful enough to our society as a whole that a jury convicted them and a Judge sentenced them. I firmly believe that decision should accompany the loss of voting rights until their sentence is complete, which is the period time a Judge has determined was fitting for the crime committed.

By allowing an individual who it has been determined has no place in our society for a period of time, to have a say in how our society is run, is foolish thinking at best.

Let them serve the sentence, and upon re-entering society they can have a say in how it functions by voting.
