RE: Support SB 570 guaranteeing the right to vote  
1/25/2023

Dear members of Senate Committe on judiciary,

Pleas support SB570 Supporting the right to vote.  
This is something that is a constitutional right and important for the citizenship of  
prisoners. Europe allows prisoners the right to vote and I believe we should as well.

It is important for the people of our community who have landed in prison to feel that  
they are still a member of our community to help decrease reeditivism.

Thank you,

Sincerely,  
Rebecca Kennedy
