Water

Measure: HB2616

hello,

I am writing my commentary in favor of HB 2616. I am a Oregon citizen and would like access to raw milk and butter in my local community. I am tired of going out of state for raw milk products. I recently went to Washington state and brought back several gallons of raw milk to freeze. When I went to Idaho a few weeks ago I brought back several pounds of raw butter home. I want access to raw milk products in my state. In a state where hard drugs have been decriminalized and lawlessness runs rampant on the streets of Portland, OR, I as a law abiding educated citizen cannot generally purchase raw milk products from local farmers due to the laws in this state. There is a serious problem with this reality in the state of Oregon. Let the citizens decide on this not the government. TIME TO LEGALIZE RAW MILK PRODUCTS IN OREGON. thank you
