

Submitter: Kristie Farnworth

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB579

I am communicating with you to say that I strongly oppose this bill that would allow prisoners to vote from prison. The right to vote is a right they gave up when they committed, and were convicted, of a crime. Criminals should not be voting to decide the direction of our state and for law-abiding citizens. I strongly urge you to vote "No" on this bill.
