

Submitter: Marc Buxton

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB579

Honorable Senators:

Please reject Senate Bill 579.

People in prisons are sent there for a reason. They are a threat to society for their behavior and

have indulged in unlawful acts. Everyone needs to be responsible for the decisions they make

to which there are always consequences. Because of this, those sent to prison should not be

allowed to participate in the freedoms law-abiding citizens enjoy until they have paid their dues

to society for what they have done. Please don't turn prisons into polling places.

Thank you,

Marc Buxton
