

Submitter: Loretta Johnson

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure: SB579

Oppose Bill SB 529 as it is only reasonable to except as a civic duty lawful, legal citizens in Oregon to vote in local, county, and state election.

Felons, after serving their time and repaying their debt to the society or the individuals they offended, may have this privilege returned. The reason why felon's freedoms are taken away is because they have either committed crimes that involve an element of violence and are considered dangerous to society.

Even the proposition of this Bill is an insult to Oregon's Election and Voting Practices again working to disenfranchising law abiding legal U.S. Citizen residing in Oregon.
