

Submitter: Jason Bristol

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB799

As a housing provider, I'm against this bill as written. We are no longer in a state of emergency (Covid related) and rewarding tenants for not paying rent is wrong. The bill doesn't provide rent payments from the state to pay the unpaid rent so the housing provider will have to eat this loss. This is unfair and quite frankly will hurt my small business.
