

Submitter: Carol Hoon

On Behalf Of:

Committee: Senate Committee On Housing and Development

Measure: SB799

The pandemic era restrictions for tenants not paying rent must be lifted. It's almost as if you are trying to put small middle class landlords out of business. If a tenant can't pay rent now, where are they applying for help? The Federal Grant pandemic program is over. This is just plain wrong. Government needs to stop ruining the rental market with it's restrictions.

I urge you all to vote NO.

Sincerely,  
Carol Hoon
