

## Support House Bill 2101: Fund Exchange Program

Allows the Oregon Department of Transportation the flexibility to exchange State Highway Fund dollars with counties and cities to cost-effectively manage federal funding.

---

### Background

For approximately 40 years, the Surface Transportation Block Grant (STBG) Fund Exchange Program has been one of the most significant sources of road funding for local governments. On average, the program is the third largest dedicated funding source, and for some county road departments, over 10 percent of their annual operating budget. The program funds dozens of preservation and maintenance projects and activities across the state.

The STBG Fund Exchange Program allows local agencies to exchange federal dollars for state dollars. Federal funds come with burdensome federal requirements, which local governments simply cannot afford; however, the Oregon Department of Transportation (ODOT) is well positioned to spend federal funds cost-effectively. Everyone wins with this arrangement; the state alleviates the burden of administering local federal-aid projects and counties alleviate the burden of federal requirements. Due to a favorable exchange rate, the STBG Fund Exchange Program is also a revenue generator for ODOT when functioning with full state resources.

### Problem

ODOT is restricted from using their Transportation Projects and Programs budget to support the fund exchange program, and must use their Operations and Maintenance (O&M) budget to sustain this cost-saving program. Due to spending limitations in their O&M budget, and long-term deficits in the State Highway Fund, ODOT has proposed reducing and eliminating the fund exchange program.

### Solution

HB 2101 would remove restrictions that prevent ODOT from flexibly exchanging State Highway Funds outside of their O&M budget and codify the STBG Fund Exchange Program in statute. Counties have engaged with ODOT on the agency's budget issues in good faith and will continue working with ODOT to develop amendment language for HB 2101 to find long-term, sustainable solutions for the STBG Fund Exchange Program.
